Job Description: 

Summary

The internship/coop role provides students with the opportunity to apply academic knowledge and skills in a professional environment, and to support/promote the graduate’s career goals through contact with professionals in their field of study. The internship experience enables students to participate in professional activities for Volvo by working on important and innovative projects. Internships are structured learning experiences where interns/coops and our full time professionals work together on projects within their selected organization. The internship allows students to integrate knowledge and skills in a manner that is mutually beneficial to the student and Volvo.
Responsibilities / Main tasks / Targets
- Special Projects in Team Areas that will be assigned
- Seeking opportunities within the plant for Kaizen improvements
- Quality, safety and ergonomic improvements within the assigned field
- Setup of safety tracking
- Setup of repair tracking and fulfillment of repairs
- Setup of repair work instructions

Minimum Education Requirements
- Applicants must be currently enrolled and pursuing a degree at an accredited school and have completed 30 semester hours prior to the start of the internship/co-op
- Applicants must have a minimum cumulative grade point average of 3.0
- Tremble Sketch Up experience or other 3D CAD software.
- Knowledge of Microsoft office

Personal Competencies

Customer Focus, technical skills, peer relationships, integrity and trust, standing alone, action oriented and perseverance.
