

# Service Learning Trip

## Spend your winter break in Nicaragua!

Join us: Dec 27, 2012 – Jan 8, 2013

**Help slow deforestation in the tropics!** A group from the Virginia Tech community, and the surrounding NRV area will participate in a service learning trip to San Jose de Bocay in the highlands of Northern Nicaragua.

The **Blacksburg/San Jose de Bocay Sister City Program** and VT's College of Natural Resources and Environment invite you to **build fuel efficient stoves** for rural families in a beautiful mountain valley.

**Apply now-space is limited!** Green Empowerment, a non-profit group working to stop deforestation in Central America, will coordinate the stove building and organize our visit.

**No experience is necessary!** Estimated trip cost is \$1,950, which covers all travel costs, lodging, and most meals. Fundraising opportunities are available. VT students will complete a service learning project!
