

Spring 2022 Meeting of the Allegheny Dry Kiln Club

Spring Meeting- May 18, 2022

Our meeting will be held the evening of May 18th at the **Richmond International Raceway in Richmond, VA**. We are partnering with the Virginia Forest Products Association's Richmond Expo, held on May 20-21. The reception and meeting will be held in the Richmond Room and it is in the Exhibition building on the second floor.

5:30-7:00pm Reception

Sponsored by Sawmill MD & Danfoss and the ADKC. Held in the Richmond Room

7:00-8:30pm Introduction to, and Discussion Forum on, the Three Most Common Hardwood Drying Technologies

Ever wonder about how a different drying technology might work for your operation? Industry representatives for conventional steam, dehumidification and vacuum kilns will present information about their drying technology. The three presentations will be followed by a moderated panel question and answer session. The program will be a great opportunity to get your questions about the different technologies answered at the same time!

Combine this meeting with the Richmond Expo!

This is a great opportunity to combine learning, talking with experts and seeing equipment at the same time. Virginia Tech will be hosting a Forest Products Innovation and Technology Summit on May 19th as part of the Expo educational event. The Forest Products Innovation and Technology Summit will focus on what technologies in the primary wood products sector can benefit your operation in regards to optimization, grading, management, and distribution. Innovation and technology for both hardwood and softwood production will be discussed. For more information: www.exporichmond.com
