

## Graduate student opportunity at the University of British Columbia

A new opening for a graduate student in “Wood Physics or Drying” **leading to a PhD degree** is available at the Department of Wood Science, Faculty of Forestry, University of British Columbia, Vancouver, Canada.

The ideal candidate will have a **recently awarded research-based MSc degree** in the areas of either **wood physics** or **wood drying** (Materials Science, Chemical Engineering, etc., degree on related topics will also qualify). A strong physical chemistry, and modeling of heat and mass transfer in porous materials background will be an asset.

The position comes with an annual scholarship package worth about CA\$30.000 that is good for three years.

Starting date is early to mid-2021 (pending on covid-19 situation), or until a suitable person is identified.

Qualified applicants, please send a copy of your **CV** and a detailed **description of your research interests related to this position** to [stavros.avramidis@ubc.ca](mailto:stavros.avramidis@ubc.ca)
